

## Vest 'N P.D.P., inc.

was created in July of 2002, by Susie Jean. Vest 'N P.D.P. raises monies and provides police dogs with bullet/stab proof vests through out the United States. Susie Jean started her organization when she saw on TV a police dog get shot and killed in the line of duty, and being an animal lover, had just lost her two beloved GS, Max and Shadow a year apart at the time, and touched her heart so much, the next day called her local police department, at the time was living in Georgia, and asked if they had vests for their police dogs, and the department said that they could not afford them. She raised enough for three vests and 7 years later, it has become her passion to protect as many police dogs as possible.

Here in New Mexico there are about 25 police dogs waiting to be vested. Since 2006, Susie Jean has protected police dogs in Socorro, Rio Rancho, University of New Mexico Albuquerque, Ruidoso, Ruidoso Downs, Gallup, Torrance County, Bernalillio, and Sunland Park.

If you would like to donate to this wonderful cause, you can go to the website [www.vestnmdp.com](http://www.vestnmdp.com), a 501(c)(3). Your donations are tax-deductible.
